Utility	Macromedia Flash Viewer	All
Utility	Macromedia Shockwave Viewer	All
Utility	Sun Java Player	All

The CSG will spend up to 30 minutes to install software not in the matrix if approved by the department DEO and if proof of licensing is presented. No guarantees will be made about compatibility or functionality with the other installed software or network services like printing and networked file access. There will be no automatic software updates to software not in the matrix.
